

# Kedarnath Yatra Worker Survey

Question register, with sources

210 questions asked · 129 variables constructed · 128 distinct sources

Every question is shown in English and Hindi exactly as the tablet presents it. The source column names the instrument or paper the item is taken from or adapted from.

## Module A — Respondent and household (17 questions)

Read aloud before this module: First, a few things about you and the people who live in your household.

| # | Variable              | Type         | Question (English / Hindi)                                                                                                                                                                              | Options & skip                                                                                                                                                                                                                                                                                                                                                                      | Source                                                                                                                                  |
|---|-----------------------|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| 1 | age                   | number       | How old are you? (completed years)<br>आपकी उम्र कतिनी है? (पूरे साल)                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                     | Standard; sensitivity covariate in the VEP model (Azeem et al. 2016 structure)                                                          |

## Module C — Monthly calendar of work and income; remittances (34 questions)

*Read aloud before this module: Now I want to go through the last twelve months, one month at a time. For each month I will ask what work you were mainly doing and where you were living, and then what you usually earned. It is easiest to start with the Yatra months and fill the rest afterwards.*

| #  | Variable   | Type       | Question (English / Hindi)                                                                           | Options & skip                                                                                                                                                                                        | Source                                                                                                                                                                                                  |

## Module D — Migration (18 questions)

Read aloud before this module: Now a few questions about where your home is, and what you do when the Yatra closes for the season.

## Module E — Household consumption (27 questions)

Read aloud before this module: Now about what your household usually spends in a month. For each thing I will ask twice – once for a normal month during the Yatra season, and once for a normal month when the Yatra is closed – because spending is often quite different in the two. Rough figures are fine.

| #  | Variable                      | Type        | Question (English / Hindi)                                                                                                                                                                                                                                                                                                                                                                                                      | Options & skip                                                                     | Source                                                                                                                                                          |

| 177 | cope_restrict_adult_yatra_1wk     | select one number | In a normal week during the Yatra season, to cope with a lack of food or money to buy it, how many days did your household restrict consumption of adults/mothers in order for young children to eat? (0-7 days)<br>यात्रा के मौसम के आम हफ्ते में, खाने की या खाना खरीदने के पैसे की कमी से नपिटने के लिए आपके घर ने कतिने दनि बड़ों ने कम खाया ताकि छोटे बच्चे खा सकें? (0-7 दनि) |                | VASyR 2025 (exact item wording); WFP rCSI; The reduced Coping Strategy Index (rCSI): five food-coping questions, standard WFP weights (1, 2, 1, 1, 3) applied when the index is built. The Kedarnath instrument otherwise has no food-security module, which is a gap for a poverty-vulnerability survey; these five short questions close it at low cost instead of a full dietary-diversity module, left out to stay inside the 45-minute limit. Kept as day-counts (0-7), not collapsed to yes/no: this is the standard, validated WFP/FAO specification (frequency x severity), and no comparably-standard binary version was found on checking; a day-count also takes about as long to answer as a yes/no in practice, so little interview time is saved by simplifying it. |

| 180 | trek_dependent | yes/no | Is your main Yatra work carrying, transporting or guiding people or goods on the Gaurikund to Kedarnath trek?<br>क्या आपका मुख्य यात्रा-काम गौरीकुंड से केदारनाथ के पैदल रास्ते पर लोगों या सामान को ले जाना, पहुँचाना या रास्ता दिखाना है? | 0 No   1 Yes   | Project design (see tasks_module W4: exposure must be asked directly) |

## Module K — Job quality (Apablaza et al. 2026 questions) (13 questions)

Read aloud before this module: Now a set of questions about the conditions of your work – hours, pay, contract and so on. These come from a standard list used in many countries, so one or two may not fit your situation. Say so and we will move on.

| #   | Variable             | Type       | Question (English / Hindi)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Options & skip                                                                                                                                                                                                                                                                                                                                                      | Source                                                                                      |

| 192 | months_looked_for_work | whole number | Across the months when you had no paid work, about how many MONTHS in total were you looking for work?<br>जनि महीनों में आपके पास कोई पैसे वाला काम नहीं था, उनमें कुल मलिकर लगभग कतिने महीने आप काम ढूँढते रहे? | <i>Asked only if: Ask if any month in the calendar is 'No paid work', or if job_situation = 8</i>                                                                   | Apablaza et al. 2026, Appendix 2 Q23 (duration in weeks, tied to the calendar instead of a single point in time) |
| 193 | first_job_ever         | select one   | Was your current work the first paid job you ever had?<br>क्या यह आपका पहला पैसे वाला काम है?                                                                                                                    | 0 No   1 Yes   97 Don't know                                                                                                                                        | Apablaza et al. 2026, Appendix 2 Q24                                                                             |

## Module L — Tasks and skills (short block) (17 questions)

Read aloud before this module: Last, I will read out some kinds of work-tasks and ask whether you do them. There is no right or wrong answer – we are trying to understand what skills the work here actually uses.

| #   | Variable    | Type       | Question (English / Hindi)                                                                                                                                                                                                                                                                                   | Options & skip                                                                                           | Source                                                      |

| VASyR 2025 (exact item wording); WFP rCSI; The reduced Coping Strategy Index (rCSI): five food-coping questions, standard WFP weights (1, 2, 1, 1, 3) applied when the index is built. The Kedarnath instrument otherwise has no food-security module, which is a gap for a poverty-vulnerability survey; these five short questions close it at low cost instead of a full dietary-diversity module, left out to stay inside the 45-minute limit. Kept as day-counts (0-7), not collapsed to yes/no: this is the standard, validated WFP/FAO specification (frequency x severity), and no comparably-standard binary version was found on checking; a day-count also takes about as long to answer as a yes/no in practice, so little interview time is saved by simplifying it. | 10    | cope_less_pref_food_yatra_wk, cope_less_pref_food_offseason_wk, cope_borrow_food_yatra_wk, cope_borrow_food_offseason_wk, cope_reduce_meals_yatra_wk, cope_reduce_meals_offseason_wk, cope_reduce_portion_yatra_wk, cope_reduce_portion_offseason_wk, cope_restrict_adult_yatra_wk, cope_restrict_adult_offseason_wk |
